DESIGN | QUALITY | ENVIRONMENT

ENVIRONMENT

We carry FloorScore[®] Certified floors that qualify for LEED credits, and are E0 and CARB II compliant.

DURABILITY

We use only the best European finishes and adhesives. Our bamboo offers great stability while having hardness ratings over 3,000 on the Janka Hardness Scale*.

OUR FINISH

Our advanced European finish technology delivers a premium wear and scratch resistant 50 year warranty that optimizes the clarity and beauty of the natural grains.

WARRANTY

A 50-year finish warranty (5 year light commercial) is standard on our floors, as well as a lifetime structural warranty.

COLOR VARIATION

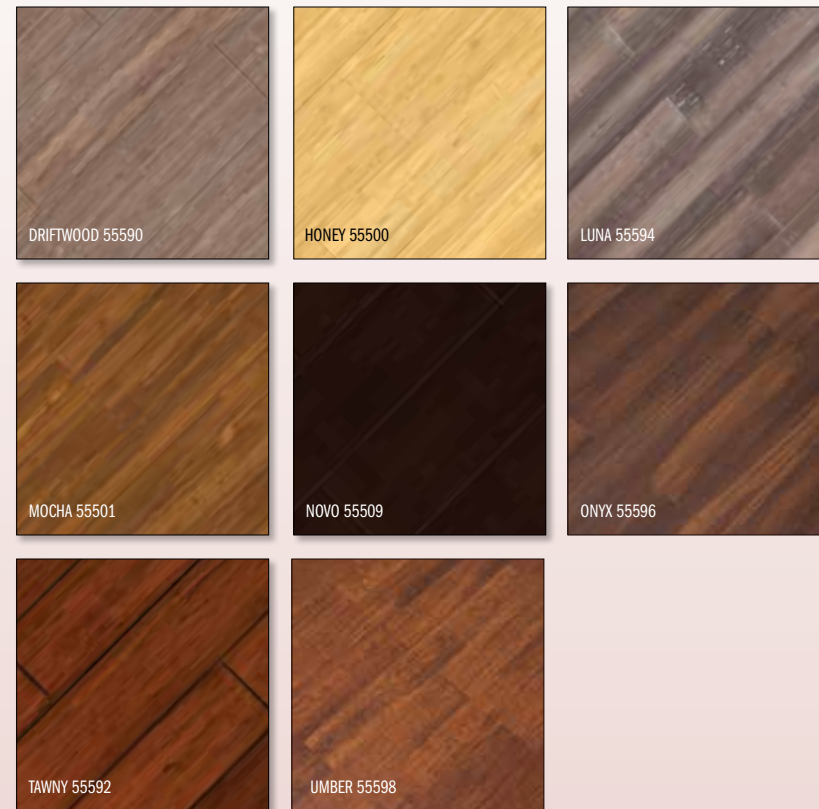

Our wide range of products highlight the beautiful natural color variations found in bamboo from plank-to-plank and product-to-product.

*CONTRUKT line has a hardness rating of 1200 to 1600.

ARCADE LINE

An engineered line of bamboo flooring made with extremely hard, strand woven bamboo and a Uniclic® locking system.

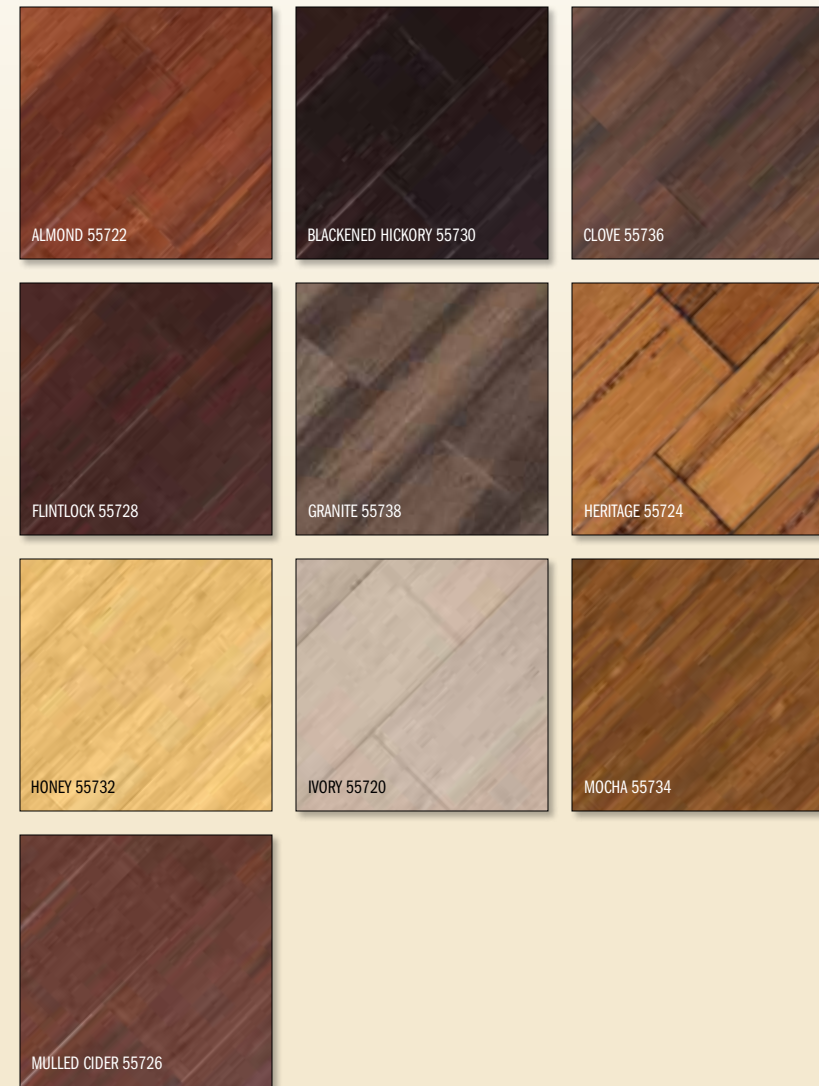

- CONSTRUCTION** Engineered with HDF Uniclic® core and Poplar backing
- DIMENSIONS** 5" wide, 36-1/4" long, 7/16" thick. 24.75 sqft/box - 2.5mm wear layer
- INSTALLATION** Float or glue. Radiant floor heating compatible. Below, on, or above grade
- FINISH** 8-step Treffert® aluminum oxide finish / smooth, wire brushed, or hand scraped + wire brushed
- MILLING** 4-sided micro-bevel - Uniclic® core
- ENVIRONMENT** EO and CARB II Compliant
- HARDNESS** Janka Hardness Rating of 3000+ - 2.5x's harder than Oak

MANOR LINE

An engineered line of bamboo flooring made with extremely hard, strand woven bamboo.

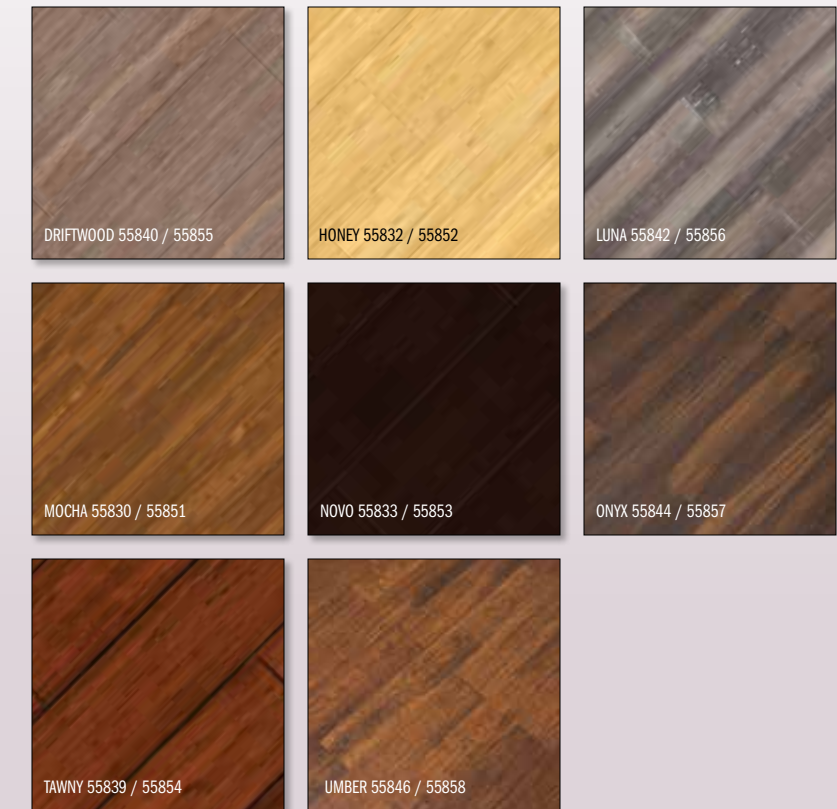

- CONSTRUCTION** Engineered with multi-ply Poplar core and backing
- DIMENSIONS** 5" wide, 72-3/4" long, 1/2" thick. 19.92 sqft/box - 2.3mm wear layer
- INSTALLATION** Float, nail, or glue. Radiant floor heat compatible. Below, on, or above grade.
- FINISH** 8-step Treffert® aluminum oxide finish / smooth or hand scraped + wire brushed
- MILLING** 4-sided micro-bevel / tongue & groove
- ENVIRONMENT** EO and CARB II Compliant
- HARDNESS** Janka Hardness Rating of 3000+ - 2.5x's harder than Oak

SUITE LINE

A solid line of bamboo flooring made with extremely hard, strand woven bamboo.

- CONSTRUCTION** Solid format strand woven bamboo with 100% real bamboo from top to bottom
- DIMENSIONS** 3-3/4" wide, 72-3/4" long, 1/2" thick, 22.95 sqft/box or 5-5/8" wide, 72-3/4" long, 1/2" thick, 16.96 sqft/box
- INSTALLATION** Nail or glue. Not radiant floor heat compatible. On or above grade.
- FINISH** 8-step Treffert® aluminum oxide finish / smooth, wire brushed, or hand scraped + wire brushed
- MILLING** 4-sided micro-bevel / tongue & groove
- ENVIRONMENT** EO and CARB II Compliant
- HARDNESS** Janka Hardness Rating of 3000+ - 2.5x's harder than Oak

CONSTRUKT LINE

A classic line of solid bamboo flooring made with laminated bamboo.

- CONSTRUCTION** Solid format with 100% bamboo from top to bottom
- DIMENSIONS** 3-3/4" wide, 75-5/8" long, 5/8" thick. 23.75 sqft/box
- INSTALLATION** Nail or glue. Radiant floor heating compatible. On or above grade.
- FINISH** 8-step Treffert® aluminum oxide finish / smooth finish
- MILLING** 4-sided micro-bevel / tongue & groove
- ENVIRONMENT** EO and CARB II Compliant
- HARDNESS** Janka Hardness Rating of 1200 - 1600 - about as hard as Oak
